NUR 403 Professional Nursing & Health Concepts III GEO		7 credits	
Summer credit hours (credit hours total)		Total Year 2	90 credit hours
13 credits			

****NOTE:** Science and General Education Requirements are the same for all students completing the STESON-USF Diploma-BSN Cooperative Nursing PROGRAM. Type and number of General Education Courses to be completed by each student with previous degrees or credits earned **will be determined on an individual basis after a transfer evaluation**. This **SAMPLE plan assumes transfer evaluation grants credit for 9 Science credit hours and 21 General Education credit hours**. However, the transfer evaluation may grant **more or less** credits toward the Science and/or General Education requirements. Therefore, an **ACTUAL** curriculum plan **will be developed for each individual student based on his/her respective transfer evaluation results**.

San Damiano General Education (GE) courses are offered within distributions and are approved by the university's Curriculum Council. **GEO** indicates course that meets general education outcome requirement. **Please see your Academic advisor for additional information.**

Courses may be offered in 5, 8, 11, or 16 week time frames.

Please note: This schedule is subject to change based on course offerings and curriculum developments that may occur throughout the 2018-2019 academic year.

Science = 15 credits
General Education = 39 credits
Nursing (Clinical 60+ Non-clinical 6) = 66 credits
Diploma-BSN CNP = 120 Total Credits
